

EBTN (VA)

Enhanced Black Twisted Nematic

2015 New year's greetings and best wishes for you!

On the LCD market, a very dark background and a wide viewing angle is more and more requested. Especially in the field of automotive, medical and industrial applications. With a customized EBTN display you can power up a highlight for your application.

EBTN LCD is one of the best negative image display which exceeds the conventional negative TN, STN and FSTN. Clover has a series of standard EBTN modules including graphic type and

character type and strong emphasis on custom EBTN products.

Main Advantages of EBTN:

- Very dark background
- Super high contrast ratio (1000:1)
- Wide viewing angle (3-side optimized)
- Wide temperature range (-40°C ~ 85°C)
- No temp. compensation required.
- Sunlight readability
- Available in icons, 7-segment and graphic type up to 1/64 duty.
- Suit for Automotives, Energy Metering, Wearable Devices, Medical and Industrial applications.
